# Wright's Cemetery

Wright's Cemetery is about five miles north and five miles east of downtown Oklahoma City. It is located on 63rd Street between Sooner Road and Air Depot Blvd. on the south side of the street in Oklahoma City. The GPS coordinates are 353212N and 0972452W.

In August 2011 a wild fire in the area swept through the whole cemetery, damaging most of the stones. This transcription was made a few weeks later, in September 2011.
